Vienna – A European Symphony

Vienna, that historic Austrian capital, will bring its legendary music, operatic stages, fine arts and crafts, as well as its unsurpassed cuisine to San Francisco's Golden Gate National Recreation Area this month. Fort Mason Center's Pier II will house a miniature re-creation of this fascinating city where visitors may walk or waltz, as they choose, among exhibits of operatic costumes and stage designs, artworks, and shop windows featuring silver and textiles designed by Austrian craftsmen — a sampling of riches from more than 50 museums and collections of this great city will be on display as well.

"Cafe Vienna" will offer a leisurely spot for afternoon music and pastries. Austrian bakers will create samples of famous confections such as Vienna's sachertorte, apfelstrudle and gugelhupf. You can enjoy these and many other pastry delights.

The intricate skills required for crystal cutting and needle point work will be demonstrated by Viennese artists. Visitors can also enjoy a wealth of fine contemporary designs produced in the individual shops and homes of this country.

The exhibit will be open free to the public between 11 AM and 7 PM every day from October 1st to November 4th. Bus transportation is via lines 22, 30 and 47. Parking is available. Call 556-4462 for further information.

A Special Note: Mrs. Jack Maillard and Mrs. Richard Kunin are helping Fort Mason Foundation to celebrate "A Night in Vienna." You are invited to join them for an evening of Viennese waltzes, wine and pastries to be held on the streets and in the cafe of this magical re-creation of Vienna. We invite you to enjoy this elegant event on October 25. Your tax-deductible contribution of $15 will help Fort Mason Foundation to continue its work in providing the many facilities and events described in this calendar. Friends of Fort Mason pay only $10. See other side for details on how to become a Friend.

A New Face on the Fort

Architectural Competition

Thanks to a recent grant from the National Endowment for the Arts, Fort Mason Center will soon have a first-stage masterplan for landscaping and renovation of the ten buildings located in lower Fort Mason. During the week of October 29th, six final candidates in an architect's competition will set up drawing boards in Bldg. 308. These finalists will be chosen from over 100 competitors who will be interviewed by a jury composed of prominent architects. A Park Service representative and Fort Mason Foundation Board member will also participate in the selection process. The competition is being co-sponsored by Fort Mason Foundation and National Endowment for the Arts.

Architects and their assistants will develop conceptual plans on-site over a five-day period. During that time they will gather information on suggested future uses of these massive buildings from resident organizations, FMF staff and interested community representatives. Planning workshops have been scheduled for each day.

The winning firm will design the final architectural masterplan for this unique cultural center. Professional advisor for this project is William H. Liskamm, FAIA, AICP. Technical Advisor, Marc Kasky, should be contacted for further information. 441-5705.
